Description

This unit, as a movement instrument, is designed for weight loss, digestion trouble, chronic constipation and slim/beautiful .

1. Help reduce unwanted fat in back, shoulder, waist, hip, Thigh, calf.
2. Promotes peristalsis, cleaning up intestinal tract, and relieve constipation to rid your body of toxins, slim down waistline and beautify face.
3. Tone abdominal muscle layer to make skin tight and elastic.
4. Increase metabolism, burn excessive fat, recover from fatigue, prevent from Lactic acid forming for the purpose of achieving sharply curved body.
5. Compact design, ideal for Home, Office etc.
6. Some users may experience itchiness after using the unit. This is not a side effect but it is an acclimatization effect of our body to the vibration. Just rest for a while before using it again and your body will get used to it.

Features

Function advantage

Adopting unique technology and pro/con balancing gyration theory, the fat inside body forms an upward turbulent flow into the lymph gland as inward flying movement in 360 degrees: front, after, left and right. This removed fat when peristalsis promoted. Weight loss is simplified and speed up result.

Remarkable effect

Burn calories 60 times as much as daily exercise. Reduce extra fat effectively for well-toned body.

Artistic appearance

Bright apple green and meteor outlook give more fashion. Easy-to-carry with the handbag.

Comfortable material

Soft lining ensures users in great comfort.

Concise design

5 keys handle gives easy operation. Free adjustment on strength, applicable to all people.

High performance radiator

Hidden vent expedite heat dissipation for best performance.

Overheat protection device provides high security

If the unit is operated consecutively for more than 30 minutes, it may activate the overheat protection device and stop the operation automatically.
